

# Stephen Report 3

- Items Done this week.
  - Looked into history modification for webpage, figuring out how to implement it for use with Section Dev Switching.
  - Wrote Project 2 submission for group.
  - Created a Discord server chat for the team to get together and discuss our project.
- Items needing improvement
  - TEAM COMMUNICATION. The team did not help/communicate/get back to me about project 2 for the entirety of this week.
  - TEAM COMRADERY - We all need to get together and get back on track. I am tired of being the only one looking into deadlines.
- Items on the docket for next week:
  - Implement website fix.
  - Clean data from YELP - team item.
  - Send in the YELP zipfile - team item.
  - Create a meeting time for the team to communicate. - team item.
